

## TiLite Wheelchairs & Roho Education session

**Do you regularly prescribe wheelchairs and seating but would like to feel more confident with assessment tools you use to help you through your clinical decision making process.**

***Then this education session will be for you.***

This education session will provide concepts from beginners through to more advanced participants with regards to the assessment and prescription of TiLite Wheelchairs and the use of Roho cushions.

Assessment techniques will be demonstrated for the evaluation of postural support of clients in both sitting and supine, with focus of the day being to increase the confidence in translating clinical findings into effective scripting of TiLite Wheelchairs and Roho cushions.

The day will also cover analysis of commonly observed postural presentations with solutions for effective interventions being given. The session will assist you the therapist in confident decision making with positive seating and wheelchair outcomes for your clients.

We are please to have **Magdalena Love from Permobil** presenting on the day. Magdalena is a dynamic speaker who has lectured extensively on seating and mobility during her career at The Institute for Rehabilitation & Rresearch (TIRR) in Houston ,USA, ("see attached bio"). On the day, our experienced and quialified S.E.A.T team will be available to support this education session and instruction.

So, if you have an interest or need more confidence when prescribing wheelchairs and seating systems, please feel free to attend the day.

***FREE to attend with lunch and refreshments being provided.***

Numbers are limited – please fill out and return your attendance form to

Shaun Groenewegen, either by fax: **1300 734 553** or email **shaun@gmsrehab.com.au**.

We look forward to seeing you on the day.

**Magdalena Love, OTR, ATP**  
Clinical Education Specialist  
**Permobil**

Magdalena received her Masters of Occupational Therapy from University of Florida. Following a specialty affiliation as a research assistant at the National Institute of Health (NIH), she worked as an OT in the New York School system and at an outpatient paediatric clinic. In 2011, she went on to hold an OT position at The Institute for Rehabilitation and Research (TIRR) in Houston, TX on both the Brain Injury then the Spinal Cord Injury/Specialty Rehab team.

Magdalena was actively involved in seating and mobility clinics during her career at TIRR. She currently works for Permobil as Clinical Education Specialist, is an Assistive Technology Professional (ATP), and an active member of AOTA and RESNA. In 2016, Magdalena relocated to Sydney to assume the role of Clinical Education Specialist for Permobil in the Australia & New Zealand regions.
